**6. Reports**

**a. Budget and Pre-cept setting**

The Clerk presented the report to Members which sought their agreement on setting the pre-cept for the year ahead. The proposal outlined setting the pre-cept at 48,000 for the year ahead. The Clerk advised that the proposal falls almost £2,000 short of the required budget, however, it is expected that income generated from the Cemetery will make up the difference required.

Members discussed the proposal and acknowledged that increasing the pre-cept is never a popular choice, however, this is something they have to do in order to meet increasing costs, as many other Community Councils are having to do. The clerk advised that she had identified savings in the budget where possible but an increase was still required

Following conclusion it was **RESOLVED** to set the pre-cept at £48,000
